SAVE THESE INSTRUCTIONS!

Install the Fixture

- 1** Secure the mounting plate to the junction box.
- 2** Connect the fixture to a suitable ground in accordance to local electrical codes.
- 3** Connect the white fixture wire to the neutral power line wire with a wire nut.
- 4** Connect the black fixture wire to the hot power line wire with a wire nut.
- 5** Align and place the fixture base onto the mounting plate studs and secure it with the cap nuts.
- 6** Place the outer shade, spacer and inner shade onto the shade base, in that order. Then secure with the shade collar nut. Repeat for remaining shades. **Caution:** Over-tightening the collar nut may cause the glass to break and result in injury.
- 7** Screw the lamp(s) into the socket(s). Refer to the label on the socket for Max Wattage Information.
