

LOW - VOLTAGE HEADS

Tellium Head T20

DESCRIPTION

The Tellium display head by Tech Lighting combines design simplicity with practical technology. The simple display head puts light where you need it by allowing for a full 360° head rotation and 90° pivot to direct light beam to the desired location. The Tellium head is available in two on-trend finishes and can be customized to hang at four distinct stem lengths. Further customize the Tellium by combining it with the complementary Monorail or Monopoint systems by Tech Lighting. This low-voltage display head is ideal commercial lighting applications such as retail stores, libraries and galleries. Machined aluminum and brass housings create crisp edges. Head rotates 360°, pivots 90° to direct the beam. Lamp not included. Rated for 50 watt max. halogen MR16 see pg. 591 of the Tech FL catalog for LED MR16 lamping options. Dimmable with Low-Voltage electronic or magnetic dimmer (based on transformer).

INSTALLATION

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system.

ACCESSORIES & OPTICAL CONTROLS

Eggcrate Louver

aged brass

satin nickel

antique bronze

white
